DETAILED TECHNICAL DESCRIPTION

Please amend the paragraph on page 5 beginning on line 22 as follows:

The basic steps involved within the process will now be described, with reference to Figure 1. A more detailed description ~~description~~ of the process will follow with reference to Figures 2, 3, 4 and 5.

Please amend the paragraph on page 6 beginning on line 5 as follows:

When the user wants to 'transfer' a session, the destination device 2 has to be selected via the web browser 11, for example by clicking on a transfer button on the browser screen (step 503), to transfer the session. This causes a transfer request 505 to be sent to the destination device's terminal application 22. Having received an incoming request, the destination terminal application 22 requests the relevant session from the server 3 (step 508). The specified session is then transferred and displayed in the destination device's web browser 21 ~~12~~ (step 512).
